

Adolescent Social Group

Multi-disciplinary approach to social development

Communicating with Peers

Building Life Skills

- KiDA's Adolescent Social Group is designed to ease the transition into young adulthood for teens who have difficulty with peer interaction.
- Adolescents build confidence, independence, and social and life skills through community service activities, cooking meals together, group games, conversations, and other activities.
- KiDA's facility provides the perfect environment for fun and dynamic interactions.
- Groups are led by licensed and experienced therapists and educators specializing in Autism.
- 90 Minute Sessions
- Small Groups
- Grades 8 through 12
- Individual Assessments

***Call us to arrange a tour of KiDA's
state-of-the-art facility!***
